FITNESS ON DEMAND GIVES YOU MORE FOR LESS

Fitness On Demand is the easiest way to offer group fitness. Pre-schedule classes to play at designated times while also allowing for "on-demand" access when the space is free.

Offering live group fitness programming can get expensive, between high instructor fees, low-turnout classes and empty studio time. And offering a wide variety of formats requires almost as many instructors. With Fitness On Demand, you can offer a complete group fitness program without breaking the bank. It's the perfect solution for any facility.
